Dear Mr. Squillace,

At this time the IRIS Program has not identified when the Evaluation of the Inhalation Carcinogenicity of Ethylene Oxide assessment will be finalized. For information about the assessment, you can visit the chemical-specific landing page for ethylene oxide at:

[http://cfpub.epa.gov/ncea/iris2/chemicalLanding.cfm?substance\\_nmbr=1025&forceAssessmentTab=true](http://cfpub.epa.gov/ncea/iris2/chemicalLanding.cfm?substance_nmbr=1025&forceAssessmentTab=true).

Thank you for your interest,

No, we only conducted the peer review. You will have to check with the EPA authors on when they will revise and finalize their document. You can contact Jennifer Jinot: [jjinot.jennifer@epa.gov](mailto:jjinot.jennifer@epa.gov)
